ALL-WESTERN ELEVEN BEATEN.

No Noted Players Injured in Rough Game.

Chicago, Nov. 30.—The football game here between the Massillon (O.) team and the All-Western eleven was won by the former by a score of 9 to 0.

Both teams were made up of former college stars, the Massillon even being much the heavier. The game, especially in the second half, was roughly played, Heston, formerly of Michigan, sustaining a fracture of one of the small bones of the right ankle, and Roseth, formerly of Wisconsin, received a dislocation of the right shoulder.

In the first half the scoring of the Massillon team was made by Davidson, who scored a drop kick from the yard line. In the second half, one of the All-Western eleven made a drop kick from the 35-yard line and the Massillon, Parrott made a touchdown.

The game was poorly attended.

Win Iowa Championship.

Des Moines, Ia., Nov. 30.—The Iowa agricultural college football team won the championship of Iowa, defeating Drake university by a score of 7 to 0.

REGAINS HIS COMPOSURE.

Chester Gillette Ready for the Ordeal He Is to Face.

Herkimer, N. Y., Nov. 30.—Chester Gillette having revived somewhat from the severe mental strain to which he has been subjected on the witness stand as his own chief witness in his trial for the alleged murder of Grace Brown, spent Thanksgiving in the Herkimer county jail.

Gillette had but one visitor, Charles D. Thomas, of his counsel, but he was given a treat by the jail authorities. They permitted him to sit down to a turkey dinner with fifteen other inmates of the jail. Sitting at the same table with Gillette was a recent arrival at the jail, an Italian arrested on a charge of being implicated in a "Black Hand" affair in Frankfort early in the week. The others were sentenced to the jail for minor offenses.

The holiday afforded Gillette an excellent opportunity to regain his composure and prepare for the merciless cross-examination that he realizes he must undergo.

TWO-CENTURY-OLD WAR ENDED.

Hollanders Capture Last Rebel Fortress in South Celebes.

Victoria, B. C., Nov. 30.—The steamer Antioch brought news from Singapore of the dramatic ending of Holland's two-century-old war in South Celebes. After a siege of many months the Hollanders captured the mountain fortress of Barupa, where the rebels made their last stand. This was almost like an eagle's nest, impregnable, almost inaccessible and impossible of being taken by storm. The Hollanders made a cordon seeking to prevent supplies reaching the rebels and finally the rebel leaders, seeing that further resistance meant annihilation, surrendered with 900 men. The insurrection in South Celebes will end with this surrender.

SEVEN DIE IN WRECK

TWO FAST PASSENGER TRAINS COLLIDE TEN MILES FROM LYNCHBURG, VA.

SAMUEL SPENCER A VICTIM

PRESIDENT OF THE SOUTHERN RAILWAY KILLED AND HIS BODY BURNED.

Lynchburg, Va., Nov. 30.—Samuel Spencer, president of the Southern Railway company and recognized as one of the foremost men in the development of the Southern states, and six other persons were killed at 6:10 a. m. in a rear end collision between two fast passenger trains ten miles south of Lynchburg and a mile north of Lawyer's depot. Philip Schuyler, a retired capitalist of New York, was among the killed, together with other guests of Mr. Spencer. Only Mr. Spencer's private secretary, E. A. Merrill of New York city, and one of three porters survived the accident. The dead are:

President Samuel Spencer, New York city; Charles D. Fisher, Baltimore; Philip Schuyler, New York city; Francis T. Redwood, Baltimore; D. W. Davis of Alexandria, Va., private dispatcher to President Spencer; J. W. Shaw, colored, who died in a hospital here; one unknown person.

The injured are Lucretia Allen, colored, Danville, Va.; Willie J. Winston, New York city; W. Pollard, colored, Spencer, N. C.; Freeman, Garland Thomas, colored, Greensboro, N. C.; P. E. Valus, colored, Waynesboro, Va.; Cora Logan, colored, Shelby, N. C.; Sam Cox, colored, porter on the private car, Washington, D. C.; J. W. Cruett, Baltimore; "Son" Hogan, colored, Charlotte, N. C.; E. A. Merrill, New York city, private secretary to President Spencer; Preston Bane, address unknown.

Mr. Spencer's destination was Friendship, N. C., where he was going on a hunting trip with Messrs. Schuyler, Fisher, Redwood and Merrill as his guests.

Asleep When Wreck Occurred.

The collision was between the Jacksonville express and the Washington and Southwestern vestibule limited, both southbound. President Spencer and his entire party, as far as is known, were sleeping when the collision occurred, and the probabilities are that all of them excepting Dispatcher Davis were killed instantly. It is certain that life was extinct before the flames touched them. President Spencer's body was burned almost beyond recognition, as was that of Mr. Fisher. The body of Mr. Schuyler was taken from under the train before it was burned very much, having been slung only slightly.

President Spencer's car was attached to the rear of the Jacksonville train, which was standing still when struck.

President Spencer was lying directly under the big locomotive of the rear train. So great was the force of the impact that the forward train was sent at least 150 feet ahead, the locomotive going over and upon the body of Mr. Spencer. Until after the debris burned itself out and the engine cooled off the bodies could not be removed.

The impact drove the combination

car forward and the express car lifted up together with its trucks and crushed the car forty feet, leaving the remainder of the car strewn with tons of baggage and colored passengers, who were pushed back like rats as the express car crushed the combination car. The combination car did not leave the track and in clearing the track the express car was hauled to a siding a mile distant on top and in the debris of the combination car. How the negro passengers in this compartment, which is known as the "Jim Crow" part of the train, escaped, none of them being killed, is beyond explanation.

On Crest of a Steep Grade.

The wreck occurred on the crest of a steep grade when the Atlantic train could not have been running more than thirty miles an hour, if that fast. Had it been a mile or two further south the number of dead might have been frightful, as the train was about two hours behind its schedule, a condition in the grade there that would have meant a speed of more than sixty miles an hour.

The collision was between train No. 23, the Jacksonville express, and No. 27, the Washington and Southwestern vestibule limited, both southbound. The former train had stopped at the top of a heavy grade to repair a slight breakdown and the other train dashed into it before a flagman could get back to give the warning signal. The heavy engine of the train plowed into Mr. Spencer's car, which immediately caught fire. The wreckage was piled around the engine and every portion of the woodwork on the engine was burned and the engine torn and twisted into a useless mass of debris. Dispatcher Davis was alive when taken from the wreck. He was crushed about the lower part of his body and was conscious to the end. He stated to his rescuers that he knew he was dying and the end was not far off.

Passengers were taken from the combination car of the forward train. They were literally covered with heavy baggage thrown through the partition from the baggage compartment. Most of them were badly hurt and all sustained cuts and bruises.

The rescue work was begun as soon as the news of the wreck was received here. A special was quickly made up and Doctors Terrell and Carroll hurried to the scene. Another special took Doctors Talliaferro, Farrow and Rawlings an hour later. A fire engine from the Lynchburg department was loaded on a flat car and sent to the wreck but on account of a fire on Main street it was not dispatched until 8:30 o'clock and did not reach the scene of the accident until an hour and a half later because the relief train with the injured passengers had the track between the wreck and Rangoon, the nearest telegraph office.

Several cases were reported in which persons ransacked the wrecked cars for plunder. Some of the passengers are reported to have participated in this and a large amount of money and valuables scattered about the debris was taken. F. M. Curtis, a passenger, says he saw a porter go through a woman's grip and throw away things of no value to him and appropriate those things that he wanted. Mr. Curtis declared he would have killed the porter if he had anything to do it with.

County Coroner G. W. Davis at the request of the Southern officials went to the scene of the wreck to hold an inquest but he found the bodies had been removed before his arrival. He returned to his home in the suburbs and would not say what steps will be taken.

The Jacksonville express had the right of way in the block and the engine broke away from the train and proceeded two miles, one of which was beyond Lawyers, before the engineer noticed he was without his train.

It may be that when he passed Lawyers that the operator gave Rangoon a clear block without noticing whether the rear end markers were to be seen before he did so.

In the absence of an official statement, excepting that the operator at Rangoon was at fault, that statement is being accepted here. The Rangoon operator has disappeared.

ROOSEVELT ROASTED

COLORED MINISTER CRITICISES HIM FOR DISCHARGING THE NEGRO TROOPS.

New York, Nov. 30.—At a union thanksgiving service in which the members of four negro churches of this city participated, President Roosevelt was denounced for his action in dismissing the three companies of negro soldiers from the United States army. At the conclusion of the service, which was held in the Mount Olivet Baptist church, nearly every one present made a contribution to a fund which is being raised for the relief of the dismissed soldiers. The sermon of the day was preached by the Rev. W. H. Brooks, pastor of St. Mark's African Methodist Episcopal church. In the course of his address, Mr. Brooks said:

"It has been the pretense and contention of the South that the shiftless and ignorant negro was the one she despised; but the real South appeared in her true colors when she took pains to run down, humiliate and outrage the most intelligent, thrifty and upright people of the community. This was scarcely over before the chief magistrate of the nation covered himself with eternal shame and disgrace by his unjust, unkind, undemocratic, un-American and czarocratic, cold, cruel, drastic and infamous orders against as brave, as heroic, as self-sacrificing a set of men as ever wore the blue or bore 'Old Glory' on a field of strife.

"We will not be resentful nor revengeful, but we are bold enough to denounce the act as an outrage and aggressive enough to demand justice at the highest court of earth and before the bar of heaven. Let him of the 'square deal' deal square; him of the 'fair play' play fair; him of the 'door of opportunity' not shut it and bolt it forever in the face of black veterans.

"Has the world's peacemaker lost his head and tired of his job, that he can ruthlessly mistreat a suffering, hysterical woman on the one hand, and outrage a battalion of soldiers on the other—soldiers to whose faithfulness he owes his life? If 'peaching' on comrades is such a soldierly virtue he should have a chair of peachment in West Point, Annapolis, and especially at Harvard.

"If a Republican congress refuses to correct the wrongs thus inflicted, every black man in the South ought to pack up his belongings and move to a doubtful state and vote the whole thing out of existence. It is by the ballot and not by vengeance we shall win."

NEW ELECTIONS IN CUBA.

Believed That Governor Magoon Is Preparing for Them.

Havana, Nov. 30.—Governor Magoon has issued an invitation to all the senators and representatives chosen to office in the last election to attend a conference in the palace Saturday morning to consider important matters. The governor declined to divulge the object of this meeting, but Liberal leaders expressed the belief that the governor intends to request the resignations of all senators and representatives as a first step in the direction of preparing to hold new elections.

FAMINE RELIEF SCANDAL.

Russian Premier Takes Prompt Steps to Probe It.

St. Petersburg, Nov. 30.—Prompt steps have been taken by Premier Stolypin to deal with the situation arising out of the famine relief contract scandal in which a man named Lidvall and M. Gurko, assistant minister of the interior, are involved. The premier has called a special meeting of the council of ministers to discuss the affair. M. Gurko has resigned. When he presented his resignation the premier told him he should not quit but that for his own sake at least he must face the court.

The premier is expected to appoint an interministerial commission, composed of assistant ministers, to investigate the case. He will then bring it without loss of time before the first department of the senate in public session. Orders have been given to at once collect evidence and submit to cross-examination all persons connected with the affair.

Blow a Safe and Escape.

New Haven, Conn., Nov. 30.—After binding and blindfolding the watchman, seven masked men entered the store of A. N. Farnham, a market gardener of Westville, blew open the safe, secured \$500 in money and escaped.

ACCEPTED BY KING ALFONSO.

Senor Prendergast Has Formed a New Spanish Cabinet.

Madrid, Nov. 30.—Senor Morel y Prendergast has formed a new cabinet and his appointments have been accepted by King Alfonso.

There is general regret regarding the inopportune of ministerial changes during the present unsettled condition of Spain's commercial relations with foreign powers and the Moroccan situation. However, as Perez Caballero, who was one of Spain's delegates to the international Moroccan conference at Algeiras, takes the foreign office, a continuance of the present understanding with France is assured.

The resignation of the Dominguez cabinet really resulted from divergences of opinion on the religious question, which the Moderate Liberals considered had been pushed too rapidly to the front, thus delaying the progress of arrangements for the financial problem.

DENIED BY POLLOCK.

Allegations of Special Agent Myendorf Contradicted.

Washington, Nov. 30.—An emphatic contradiction was made here by George F. Pollock, chief of department "B," interior department, of allegations in the affidavit made at Salt Lake City by Michael A. Myendorf, a special agent of the government, that Pollock had instructed Myendorf to destroy four affidavits he had procured against the Union Pacific Coal company in the coal land fraud investigation in Utah.

Murder Suspect Arrested.

Columbus, O., Nov. 30.—Patrolman William Smith has arrested William Shellenbarger and he is being held at the city prison as a suspect in the Dona Gillman murder case at Dayton. Shellenbarger's face, head and neck are covered with scratches. He tells conflicting stories as to his movements and how he received the scratches on his face.

The Sixth district members did not agree on an endorsement for speaker at the St. Cloud conference and J. R. Howard, the Stearns county aspirant, has pulled out of the race.

Judge Searle, whose term of office would expire January 1st, has resigned on account of ill health and Gov. Johnson will be asked to appoint M. D. Taylor, the judge elect for that district, to fill the unexpired portion of the term.

The Duluth Tribune thinks that between the most worthless negro and the Hon. Ben. Tillman the former is the more useful and better citizen, and strange to say there are quite a number of people who back up the assertion.

OWNERS of buildings rented to bucket shop operators have been held by the Ohio courts to be liable for all losses that may occur therein, whether rented specifically for that purpose or not. Well, well, where are our protected rights.

Boni is insulted by the offer cabled him by a New York restaurateur to become head waiter in his hash house and has sent word to the gentleman that his friend will call and demand reparation with arms. Boni will positively not stand for any monkey doodle business.

The first day of March the new capitol commission goes out of business and from that date the governor has the appointment of the army of janitors, doorkeepers and other necessary help around the state house. Every man who holds a job there is a Johnson man from this on.

The Fargo Call thinks the government could do more good for the northwest by smashing the lumber trust than in any other way. If it was not for the fact that we would injure our chances of getting trusted for the next cord we would suggest that wood trust be taken in with it.

SAM LANGUM has had the secretaryship of the senate cinched for so long a time that no one knows when he was first elected to that responsible position, and the chances seem greatly in favor of his holding onto the job. Sam has made a good official and that is one reason of his continued election.

A FEW years ago where there was one 160 acre farm in the northwest there was a dozen of the "bonanza" pattern covering several sections of land. Today the small farm, well tilled, is the rule, and it is what will build up the country. The big farms in the Dakotas are being cut up and the land office records show that many 40 acre homesteads are being filed on. Twenty small farms are worth more to a community than a hundred large ones.

If the mere mention of the fact that Tom Shevlin gave a banquet after a state convention is good for 25,000 votes to the other side, Tom must be good stuff for the other fellows. We will stake our reputation as a political prophet, however, that if Shevlin would wine and dine the democratic candidate that it would not cost the candidate a vote and that some "few" republicans would turn in and make the majority a little better. The democrats usually put up what they consider good material and then back up their judgment with their votes.

A CHICAGO firm has signified its willingness to take over and operate the postal service of the government as a private business under government control, promising a reduction of one-half on all first and second class matter, also to wipe out the annual deficiency and to pay the government all net profits accruing over 7 per cent on the capital invested. It is not expected the department will turn the business over to the firm until after the holidays as the Christmas rush would probably stagger them.

The manufacture of turpentine from pine stumps is a success in Northern Minnesota, the Hinkley plant being able to put their product on the market in competition with the southern output. Not only is it a paying industry to the proprietors but it is a valuable institution for the community in which it is located, for while it is making money for the owners it is also clearing the land of stumps to the benefit of the settlers and is putting ready money in the pockets of those who haul the stumps to the plant. Such an institution would thrive here and local capital should be interested in its institution.

Sessions 10 a. m. and 2 p. m.

Good Speakers to be

Present

The Crow Wing county farmers institute, under the management of the state institute superintendent, will be held in the court room at the court house in this city next Monday, December 3rd. The sessions will be held at 10 a. m. to 12 m., and 1:30 p. m. sharp to 4 p. m. It is expected that Mr. McGuire, the state farmer of Grand Rapids, will be one of those present to assist in the institute and there is no man in the state of Minnesota who better understands the problems that face the pioneer farmers in Northern Minnesota. There will also be present a number of the other leading instructors in farm economics in the state.

At the close of the forenoon session there will be given away a very valuable book of over 350 pages (The Institute Annual) devoted to agriculture, stock raising, horticulture, dairying, sheep raising, swine husbandry, poultry raising, domestic economy and other subjects of value to the farmer. Remember this is a free gift and that the entire institute is free of cost to the farmers.

A VERY FINE ENTERTAINMENT Complimentary Concert Tendered the Elks and Families by Prof. Woodward WAS AN ENJOYABLE EVENT Program was one of the finest ever Held in the City of Brainerd

The complimentary concert and dancing party tendered the Elks and their families by Prof. F. E. Woodward at Elks hall Thanksgiving evening was one of the pleasantest events of the sort in the history of Brainerd. The program, which appeared in this paper Wednesday, was carried out in a manner to do great credit to Prof. Woodward and is said to have been one of the finest ever heard here. Mr. Black, who is considered the best tenor in the twin cities, received all of his training under Prof. Woodward, having studied under him both in Duluth and Minneapolis. Mrs. Haight, of this city, formerly of Minneapolis, whose soprano solo charmed the audience is another of those who received their training at the hands of Prof. Woodward. Both they and Mr. Woodward were in fine voice and every number was encored, some of them several times. Miss Louise Beare presided at the piano and her solos received repeated encores. After the program dancing was indulged in, fine music being provided and all who desired indulged themselves until the early morning hours. Light refreshments were served.

DO NOT LOSE THE STOMACH Cure Catarrh by Breathing Hyomei—Sold under Guarantee.

The only scientific and common sense way to treat catarrh of the nose and throat is by a local application that will kill the catarrhal germs. Ordinary stomach dosing is worse than useless. Taking medicine into the stomach to cure catarrh of the head can have no good effect, and often leads to serious derangement of the digestive organs. By breathing Hyomei three or four times daily through the neat pocket inhaler that comes with every outfit, its medicated, healing air penetrates to the most remote parts of the nose, throat, and lungs, searches out and kills all catarrhal germs, and soothes and heals any irritation in the mucous membrane. H. P. Dunn & Co. have faith in the wonderful merit of Hyomei as a cure for catarrh as shown by the guarantee they give with every Hyomei outfit that the money will be refunded unless the treatment gives satisfaction. A complete Hyomei outfit, consisting of a pocket inhaler, a bottle of Hyomei and a medicine dropper, costs but \$1, extra bottles of Hyomei, if needed, 50c. H. P. Dunn & Co. give their personal guarantee to refund the money if Hyomei does not relieve, so that you run no risk at all in buying this reliable remedy.

Cured of Bright's Disease Mr. Robert O. Burke, Elnora, N. MOULDERS HELD MEETING

John Bradley, of Poughkeepsie, New York. Addressed Local Moulders On Trades Matters

A special meeting of "Iron Moulders Union" No. 226 of this city, was held on Sunday p. m., Nov. 25th, in Columbian hall. Jno. Bradley, chief trustee and chairman of the executive board, "I. M. U. of N. A." was present and addressed the meeting at length, giving a complete outline of the work done by the organization during the past year, also stating its present condition, numerically, financially and otherwise. The strike situation in general was reviewed, expense accounts of all kinds, sick and death benefits all received proper attention from the speaker. Mr. Bradley's address was an exceptionally good one, and created a most favorable impression on the members present and at its conclusion a vote of thanks was unanimously given the speaker.

During the course of his remarks Mr. Bradley took occasion to compliment the members of Brainerd for their loyalty to their union and their brother members also for the financial assistance so generously given the striking union moulders of the "Twin Cities". The meeting was ably addressed by several of the local members and a most pleasing vocal solo was rendered by Bro. Samuel Hawkins.

Mr. Bradley was a delegate to the convention of the "American Federation of Labor" held in Minneapolis, Nov. 12th to 24th, and upon its adjournment took advantage of the chance to visit the moulders of this city. He is a very pleasant gentleman to meet, a good conversationalist, and a master mind in Trades Union matters. In his home city, Poughkeepsie, N. Y., he has just been re-elected president of the city council. His impressions of Brainerd were most favorable, and he departed on the early train Monday morning to fill eastern engagements.

Marion Harland. The celebrated authoress, so highly esteemed by the women of America, says on pages 103 and 445 of her popular work, "Eve's daughters; or common sense for maid, wife and mother":

"For the aching back—should it be slow in recovering its normal strength—an Alcock's plaster is an excellent comforter, combining the sensation of the sustained pressure of a strong warm hand with certain tonic qualities developed in the wearing. It should be kept over the seat of uneasiness for several days—in obstinate cases, for perhaps a fortnight.

"For pain in the back wear an Alcock's plaster constantly, renewing as it wears off. This is an invaluable support when the weight on the small of the back becomes heavy and the aching incessant."

YOUNG COUPLE WERE WEDDED

Albert J. Ellison and Anna Johnson United in Marriage Wednesday Night

MARRIED AT HOME OF BRIDE

Will Hereafter Make Home in Glendive, Montana, where Groom has Position

A very pleasant home wedding occurred Wednesday evening at the residence of Mr. and Mrs. Andrew J. Johnson, Northeast Brainerd, when their daughter Anna M. Johnson was united in marriage to Albert J. Ellison, of this city. A large concourse of friends and relatives of the contracting parties gathered to witness the ceremony, which was performed by Rev. A. Mattson. After the marriage vows had been spoken and the newly wedded couple had been congratulated the party partook of a bounteous wedding supper.

Miss Etta Johnson, a sister of the bride, attended her, while Mr. Ellison was supported by B. L. Lagerquist.

The groom is a popular clerk in the Northern Pacific shops here and has recently received a promotion to a responsible position at Glendive, Mont., and the young couple will make that their future home. The bride is well and favorably known to a large circle of friends and the couple were the recipients of a large number of valuable presents.

AMUSEMENTS

Mr. Walker Whiteside in "The Magic Melody."

Mr. Walker Whiteside will present his new play "The Magic Melody" at the Brainerd opera house next Tuesday, Dec. 4. So great was the success of "We are King," that Mr. Whiteside commissioned the author to write his new play, and the result has been most gratifying. "The Magic Melody" at once leaped into popular favor and it has made a great hit. Mr. Whiteside has found a most congenial role in that of Helmer, a young German violinist. The story of the play is most interesting and its chief charm lies in the fact that it is so different from other plays. Its originality of theme and treatment is something to be highly commended. It brings into close juxtaposition the artistic world and the world of finance, and therefore possesses a much more varied interest than plays like "The Lion and the Mouse." While the artistic world is so carefully portrayed, it is not the Bohemia of art that was utilized in such plays as "Tribly."

Mr. Whiteside has engaged a very strong supporting company, among others Lelia Weston, Maude Shaw, Martha George, Herbert Sears, Richard Sherman and William H. Carter. The play is in three acts and Mr. Whiteside has, as is his rule, a beautiful production complete in every detail.

UNIQUE IS OPEN

New Theatre was Opened to Public Last Night—Will Prove a Popular Place of Amusement

The Unique electric theatre was opened to the public last night and bids fair to draw good crowds. Owing to a reflection of light from the piano, the pictures, though good, were not perfect and Mr. Millsbaugh instructed his doorman to be at the exit and return the tickets, but through a misunderstanding it was not done. Those who were present last evening will be admitted free tomorrow evening. The theatre will be open afternoons at 2:30 to 5 and the evening performances will commence at 7:30, 8:30 and 9:30 sharp.

BRAINERD TWENTY YEARS AGO

Dispatch Files of Twenty Years Ago this Week.

Stevens Point Journal: "Newt Ingersoll, came down from Brainerd last week with his wife and boy, since which time he has been visiting his parents at Plover and friends elsewhere. He spent Wednesday in this city and did not forget to make us a visit. Before returning to his seat at the editorial desk of THE DISPATCH office, he and his family will spend a week visiting friends in Chicago. They will be accompanied by Mrs. H. G. Ingersoll of Plover."

"Halsted and Stivers are still fighting over the election, although it is so long ago that the people have forgotten that there was an election."

"Wadena and Mille Lacs counties have elected ladies as superintendents."

In speaking of a fight in Rochester, New York, with the Bell Telephone company THE DISPATCH says: "It will be a God-send to the country when the Bell Telephone patents expire."

Geo. Earth, was drowned at the narrows of Bay lake while trying to cross the ice on the way from Dakota, the body was recovered and buried on his father's farm.

"DIED—In the city of Brainerd on Saturday morning, Nov. 20, 1886, Mrs. Sadie Cochran, wife of John Cochran, of convulsions, 17 years and 6 months. The funeral services were held at the M. E. church on Sunday afternoon, the Rev. S. White preaching the funeral sermon. The remains were interred in Evergreen cemetery."

"The Brainerd Relief Association was held at the Villard parlors on Tuesday afternoon, D. D. Smith was elected treasurer for the ensuing year and Mrs. Brehany secretary. A commissioner was appointed for each ward to look after the needy poor in their respective wards, and are as follows: First Ward, Mrs. Wm. Paine; Second Ward, Mrs. Mulrine; Third Ward, Mrs. Frank Bell; Fourth Ward, Mrs. H. Thiviot. Dr. Camp was appointed to act as surgeon for the association. It was also decided to distribute turkeys among the needy families of the district for a Thanksgiving dinner."

Wedding Bells

"The home of Mr. and Mrs. Wm. Meekins, of East Brainerd, was the scene of a very merry and happy gathering on Wednesday evening, Nov. 21, the occasion being the marriage of their daughter, Miss Mary Meekins to M. J. J. Reilly.

As is the custom of the church of which the parties are members the ceremony of marriage was performed in the church at 9 o'clock in the morning in the presence of a large collection of friends, the Rev. Father Watry officiating. T. M. Reilly, the groom's brother, acted as the groom's best man and Miss Maggie Meekins, the bride's sister, as bride's maid. Miss Mamie McCarthy played the wedding march as the wedding party entered the church.

"The reception for the evening, as above stated, was a pleasant affair, and many were the congratulations extended to the happy couple. Supper, social visiting, (and they know how to do it in East Brainerd) and dancing were indulged in by the many who were present."

"The contracting parties are both well and favorably known in the city, both having resided here several years. The groom is a son of Mr. Tim Reilly, and is a popular and intelligent young man. The bride is the eldest daughter of Mr. and Mrs. W. H. Meekins, is handsome and accomplished, and a general favorite in society, she having served two terms in the capacity of teacher in the East Brainerd schools. The groom has purchased a residence at the corner of 3rd avenue and Farrar street and the happy couple will go to housekeeping at once. They were the recipients of many valuable and useful presents." (A list follows, filling a column of THE DISPATCH.)

HELD TAX HEARING

State Auditor Considers Dispute Between Hennepin and Crow Wing Over Northland Pine Co. Taxes

Minneapolis Journal: State Auditor Iverson held a hearing Wednesday to determine what part of the Northland Pine company's property should be assessed in Hennepin county, and what portion in Crow Wing, where its logging road and timber are. The Crow Wing county authorities value the logging road at \$75,000. The company puts it at \$20,000, and claims that it is a high valuation, as the road has no connection, and will go out of business next year, being turned into scrapiron.

HIS ONLY HOPE

After a siege of seven years illness most of which time life seemed in the balance, Mr. A. Thompson, a well known business man of Milwaukee, living at 427 Chestnut St., who was suffering from an affection of the stomach and liver, was finally told by his physicians that an operation would be necessary to save his life. With the same determination and iron will that had carried him safely through his long illness, Mr. Thompson flatly refused his consent. That was some weeks ago. When seen recently he was much better and gave this statement for publication: "I did not believe an operation was necessary so I dismissed my physicians and began a treatment of Cooper's New Discovery and Quick Relief as I had heard of many cases similar to mine that they had cured. After using these wonderful medicines for about two weeks I am improved to a remarkable extent. I have tried everything and would advise any sufferer from stomach or liver trouble to stop experimenting and use these remedies in the first place for they are the only sure cure." Cooper's New Discovery is the great tonic for stomach trouble and general run down condition of the system; it sells for one dollar per bottle. Cooper's Quick Relief, the assistant remedy which is used in connection with the New Discovery, costs fifty cents. The remedies are sold only by H. P. Dunn & Co.

VERY EXCITING FINISH

FOOTBALL GAME BETWEEN CORNELL AND PENNSYLVANIA ENDS DRAMATICALLY.

WITHIN A FOOT OF VICTORY

BUT CORNELL PLAYERS COULD NOT GET THE BALL ACROSS THE GOAL LINE.

Philadelphia, Nov. 30.—With the ball within one yard of the home team's goal line, the annual game between the Pennsylvania and Cornell football elevens on Franklin field came to an end without either side being able to score. The finish of the contest with Pennsylvania fighting desperately to ward off defeat was as sensational a piece of football play as has been seen on Franklin field in a long time. Cornell twice had the ball in those last few minutes within one yard of Pennsylvania's line and victory appeared certain, but the locals held each time by a defense that was as impregnable as it was sensational.

There were but a few minutes of time left when Hollenback for Pennsylvania kicked against the wind to the home team's 45-yard line, where a Cornell man got the ball. Two line plays and a quarterback kick put the ball on Pennsylvania's 15-yard line, still in Cornell's possession. Here the Ithacans tried a forward pass. Hollenback intercepted the pass but was unable to hold the ball, and Van Orman, for Cornell, fell on it seven yards from Pennsylvania's goal. Two plays against the tackles and Cornell was on the one-yard line. It seemed as if nothing could stop her, but on the next plunge into the line the Pennsylvania men held and Cornell dropped in her tracks. It was then Pennsylvania's ball on downs. With great relief the Pennsylvania sympathizers let out a great roar at the stand made by the home players, which quickly

Changed to a Cry of Alarm,

as Pennsylvania decided not to take a chance to carry the ball with it practically on her goal line and Hollenback was sent far back of the goal posts to kick out. He was directly behind the cross-bar and in order to avoid it he kicked to one side. The punt was bad and the ball went out of bounds about two yards from the goal line.

With the ball in her possession two yards from Pennsylvania's goal line, victory looked certain this time for Cornell. The Ithacans made a yard on the first play and the second plunge into the Pennsylvania line failed to gain. The ball was then on the Quakers' one-yard line. Cornell had one more try remaining and only a few seconds left in which to do it. Gardner here was sent in to take Jamison's place at quarterback for Cornell. Pennsylvania was in the last ditch and desperate. As the Cornell men got into position the Pennsylvanians crouched low and there was a deathlike silence in the stands. The signal was given, the teams crashed against one another and half of Cornell's players on top of the struggling mass of men spilled over Pennsylvania's goal line. As the teams played into each other the timekeeper's whistle announced the end of the game. Everyone believed Cornell had won, but when Referee Corbin and Umpire Edwards had finally separated the struggling players and got to the bottom of the pile, they found a Cornell man hugging the ball a foot short of the line of victory.

Cornell's spirit fell and the enthusiasm of the Pennsylvania spectators knew no bounds. Outside of the desperate finish the game did not afford either side much opportunity for cheering.

IOWA UNIVERSITY BEATEN.

Loses In an Exciting Football Game in Missouri.

St. Louis, Nov. 30.—St. Louis university defeated Iowa university by a score of 23 to 0 in one of the most exciting football games that has been played here this season.

The game was marked throughout by fair, clean work on both sides, but from the start St. Louis clearly outpointed the Iowa opponents, making a touchdown within the first six minutes.

Indians Defeat Virginians.

Norfolk, Va., Nov. 30.—The Carlisle Indians won from the University of Virginia in the most spectacular and sensational game of football ever witnessed on a Southern gridiron, the score being 18 to 17 in favor of the red men. Ten thousand people witnessed the game.

Neither Team Able to Score.

Kansas City, Mo., Nov. 30.—In a steady downpour of rain and on a muddy field neither the University of Missouri football team nor the Kansas university eleven was able to score in their annual game here. Thirty-five hundred persons witnessed the contest.

Nebraska Defeats Cincinnati.

Lincoln, Neb., Nov. 30.—Cincinnati was outwitted and outplayed in the final game of the football season here, Nebraska winning by a score of 41 to 0.

FORTY PERSONS KILLED.

Hundreds of Others Injured by Explosion in Germany.

Dortmund, Germany, Nov. 30.—The explosion of the roborit factory near Annen resulted, so far as is now known, in the death of forty persons. Many others were so seriously injured that there is no hope of their living. Many persons have not yet been accounted for. Among the injured are about 200 employees of the factory, and the total of persons dangerously and slightly injured amounts to several hundred. The damage is estimated at \$500,000. The concussion was felt for a radius of eight miles. Owing to the bursting of their eardrums by the concussion a number of persons have been totally deprived of their hearing.

The physicians in attendance regard the condition of thirty-eight of the injured as hopeless.

Symptoms of Nerve Disorders

Which Foretell the Approach of Nervous Prostration, Paralysis and Locomotor Ataxia.

Twitching of the nerves and muscles, sensitiveness to light, sound and motion, jerking of the limbs, sleeplessness, headache and indigestion—such are some of the symptoms of exhausted nerves.

Because there is no acute pain people do not always realize the seriousness of nervous diseases. They do not think of the helplessness of body and mind which is the result of neglecting such ailments.

Because of its extraordinary control over diseases of the nerves, Dr. A. W. Chase's Nerve Pills have come to be considered the one great treatment for disorders of this nature.

Not only do they revitalize the wasted nerve cells, but actually form firm flesh and tissue, build up the system and send new vigor and vitality to every organ of the body.

GIRL SHOTS A MAN

FIFTEEN-YEAR-OLD CHILD USES A REVOLVER TO REPEL AN INTRUDER.

HAD BROKEN INTO HOUSE

MAN WHO WAS SHOT THREATENED TO KILL HIS WIFE AND CHILDREN.

Thornton, R. L., Nov. 30.—Ethel Smith, the fifteen-year-old daughter of Special Policeman Leander Smith, is under arrest, charged with killing Elmer Briggs. The circumstances of the killing were such that after being obliged to arrest the child, Chief K...

had took her to his house, gave her a Thanksgiving dinner and declared that she should not go to jail so long as she was under his jurisdiction. About two weeks ago Briggs is alleged to have deserted his wife, leaving her without means to support herself and her three small children. Special Officer Smith took pity upon the woman and he and his wife received Mrs. Briggs and her children into their home and were arranging to send them to the home of Mrs. Briggs' brother, who lives in Niantic.

During the absence of Smith, Briggs tried to force an entrance into the Smith house, Mrs. Briggs and her children, in fear, locked the doors and windows.

Ethel procured her father's revolver as Briggs drew a large carving knife and cut away the netting from the screen on the front door. He then smashed a pane of glass in the door, reached his arm on the inside, turned the key in the lock and threw back the bolt. As he forced the door open the little girl fired two shots at him, both bullets lodging in his body. Briggs hesitated for a moment and then kept on. The child fired three more shots and Briggs fell dead on the steps.

With a revolver in his hand he threatened to kill his wife and children.

ENGINE CAUSES TWO WRECK.

Remarkable Freak of Locomotive Results Fatally.

Winnipeg, Man., Nov. 30.—A runaway engine in the Canadian Northern yards caused two wrecks, killed two men and seriously injured four other persons.

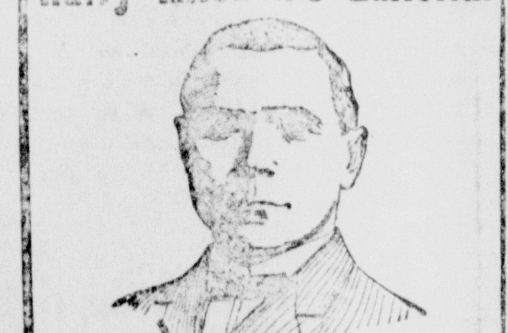

As the Northern Pacific train from St. Paul was steaming into the yards at 4 o'clock Engineer Young was horrified to see a switch engine coming backwards around a curve and bearing down on him at full speed.

Both engineers saw the danger and reversed, so that, although a collision was inevitable, it was comparatively slight. The passenger engine was badly wrecked and the train derailed, but only two injuries were reported. A woman passenger had her back sprained through the jar. The crew jumped, and a fireman had his head cut.

The most serious and peculiar part of the accident was to follow. When the switch engine was reversed, Engineer English and Fireman Hunt jumped to save themselves, and when the collision occurred the engine bounded back, the throttle was thrown open, and it tore madly back towards the station, utterly beyond control.

A switchman saw the engine as it headed for the heavily loaded scuff-bound flyer and switched the runaway onto a sidetrack, where it crashed into a freight train. Fortunately few men were on the freight train, but near the middle of the string of cars seven men were engaged in loading a heavy pear burner. Two of them, William Neil and Michael Hudlow, were instantly killed and horribly mangled, crushed between the machinery and the end of the car. Four of their companions, foreigners, were injured.

Clothes for All Weathers

Remember that no CLOTHCRAFT garment ever has cause to run away from the weather. CLOTHCRAFT isn't built that way.

CLOTHCRAFT Clothes have the qualities—the wear-resisting goodness—which bring lasting satisfaction. All-wool is one of the secrets. There's no cotton, no shoddy, no anything but wool, in CLOTHCRAFT. The makers don't want it there and you don't. And every detail of cut and make is up to the mark—worthy of the fabrics.

There is one surprise coming to you when you come in to look at CLOTHCRAFT—the prices. You will be surprised to learn you can get such clothing excellence at prices so low and so reasonable.

Suits, \$10 to \$25.
Overcoats, \$12 to \$25.
